## Background History Checks

The Indiana Schools Background Check platform is an easy-to-use online system created to help Indiana schools manage screening. Use the secure online system to request your background check. This site will allow you to enter information needed to run the expanded Background history check, as well as the expanded child protection index check. Once the Background history check begins processing they will submit your application to the child protection index (CPI) You will receive two emails from [KidTracks@dcs.in.gov](mailto:KidTracks@dcs.in.gov). The first email will contain a link to the CPI/CPS Portal, the second email will have a password allowing you access to your state application. You must check the box and click 'submit' acknowledging you are giving approval for them to continue with your screening process. The submit option is not available on a mobile device, you must use a computer. Applicants must use an email to log into the portal and consent the CPI search. The state will not work on these profiles until this is done. If you do not respond to the CPI email/link your background check will not proceed any further. This is a two-step process and may take some time to complete.

Type in:

<https://east-gibson-school-corporation.school-background-checks.com>

The cost is \$24.90. You will need a bank card/credit card to process this fee.

If you have any questions feel free to call me at 812-749-4755 or for BIB Application questions 1-877-439-3900.

Thank you,
